4. President's Report – Lawrence Sweeney – 2020 was a challenging year; we only had 3 in-person meetings in January, February and March. The April meeting was canceled due to Covid, and since May we've had our meetings by Zoom video conference. We continue to get monthly updates on crime and code matters from DPD and Code Compliance. We have also been forwarding information regarding our area by email to our membership. We plan to continue having our meetings using Zoom until restrictions are relaxed, and we will continue to keep our membership informed on a regular basis. We are aware that a number of our members have moved out of the area and we plan to reach out to incoming residents using some of the new and existing apartments management teams. For installation/election of officers, we are carrying over the existing Board for 2021.
